PROJECTS

Moonbucks Landing web page using html and css

The process of designing a responsive, easy-to-navigate website layout. We'll cover everything from planning and creating the HTML structure to styling with CSS

Portfolio using html, css bootstrap, and jQuery

A personal portfolio landing page is a website that showcases your work, skills, and experience in a professional manner. It's a digital portfolio that allows potential clients or employers to learn more about you and your work. Personal portfolio landing pages typically include examples of your work, your professional background, and your contact information

Feedback message using html, css, jQuery

Message are displayed a container, and new message are displayed when the form is submitted. The style is done using bootstrap for a clean and responsive design..
